HWRD Skills Quiz

10 points out of 10

100%

(OPTIONAL) What is your email?

In leagues using two linespeople, with no-change icing, which official is in the best position to stop the offending team from changing? (The How-To of No-Change Icing)

Correct

- ☐ Referee
- ☒ Back linesperson who initiated the icing
- ☐ Front linesperson who is stopping play.

In the three official system, during a penalty shot, the referee and one linesperson take up positions in the end zone. Where does the linesperson position herself? (HCOP 4-10)

Correct

- ☐ a) same side of the ice as the referee; right besider her
- ☐ b) same side as the referee; at the top of the circle
- ☒ c) opposite side of the ice from the referee; in a similar position but a little further away from the net
- ☐ d) opposite side of the ice from the referee; at the blue line

When entering a fight, what part of the player's body do you want to control? (Fight Management: Breaking up a fight).

Correct

- ☐ a) Legs to stop her from moving.
- ☒ b) Wrap up the arms to prevent the player from punching you or the other player.
- ☐ c) Torso to push the player back.
- ☐ d) Does not matter so long as you enter at the same time as your partner

What is the best way to limit the effect of players trying to get a whistle by acting hurt (See Gamesmanship in resource Section)?

Correct

- ☐ a) tell her to get up or she will get a penalty...but do not call a penalty.
- ☐ b) Tell her to get up or she will get a penalty... then call a penalty.
- ☐ c) stop play after allowing play to conclude by her team gaining control of the puck
- ☐ d) if there is a scoring chance, allow it to conclude before stopping play.
- ☐ e) All of the above.
- ☒ f) both c) and d) depending on the situation; a & b are OK, but A & B allow gamesmanship to effect the game more than c & d. C & D is the correct answer

Select the option that best describes "Half-Piston" (See "endzone positioning" in the resource section of wpgrefs.com)

Correct

- ☐ a) Back against the boards, below the faceoff dot; Puck is on your side of the ice.
- ☒ b) Somewhere around the bottom of the circle; puck is on the far side of the ice.
- ☐ c) Very near the net; there is a scramble for a loose puck near the goal or goal crease

According to "How to write a game report" (Found in the resources section of wpgrefs.com) there are three parts to your incident report, what information should be included in the "middle" section?

Correct

- ☐ a) Information about your observations of the game that may have lead to the incident.
- ☒ b) Information describing the incident.
- ☐ c) Information explaining the penalty called and why that penalty was called.
- ☐ d) All of the above

The back linesperson (or the back official in the two official system) initiates an icing in a league that allows changing on icings. How far up the ice should the back official skate while the icing is in effect? (HCOP 5-4, No Change Icing Document in Resources)

Correct

- ☐ a) Just stop where the icing was initiated to save energy.
- ☐ b) to center ice as icing will probably be called by then (while also being aware of players behind her).
- ☒ c) to the far blue line to cover in case icing is waved off while also being aware of the players behind her.

An icing has been initiated. Which linesperson (or official in the two-official system) may cancel the icing? (HCOP 5-4)

Correct

- ☐ a) Only the front linesperson (or official)
- ☐ b) only the back linesperson (or official)
- ☐ c) whoever initiated the icing
- ☐ d) Only the referee (in the three official system) or the senior official (in the two official system) can cancel the icing
- ☒ e) either linesperson (or official) can cancel an icing at anytime

In the cone system, the referee may go below the goal line. What best describes the amount of time the referee should be below the goal line (See "endzone positioning")?

Correct

- ☐ a) if the puck is in the end zone, go below the goal line.
- ☐ b) when ever there is a scramble at the net, the referee should go behind the net.
- ☒ c) go below the goal line only when you need to get out of the way or get a better view. Return to home base, half-piston, at-the-net as soon as you have successfully avoided the play or no longer need to see the play from that angle (and it is safe to do so).
- ☐ d) go below the goal line only when it is absolutely necessary. Return to home base, half-piston, at-the-net the next time you change ends of the ice.

According to "The How-To of No Change Icing", what is most important when determining which players stay on the ice?

Correct

- ☐ a) take as long as you need to get the right players on the ice.
- ☒ b) identify as many players of the offending team on the ice as possible but do not create a delay trying to figure who was on the ice at the time of the icing.
- ☐ c) who cares. Just drop the puck.
